How to affiliate your Committee with CCA

While our new website is being established, we simply require your Committee to complete our new Committee details form and return to the Secretary. A full portfolio of resources to assist with running your event will then be issued.

In due course, our system will be designed to ensure Committees are easily able to update details at any time, and access necessary member information as required.

Benefits of Affiliating with CCA

Your Committee will be covered, year-round, with public liability insurance, including the promotion, participation and attendance at associated Campdrafting events including social and fund-raising activities, working bees, training days. Any events outside of the Campdraft discipline are not included in this cover.

We are open to discussions regarding any further Insurances.

Complete access to the Campdraft Central nomination platform, fully supported by our dedicated team.

The Campdraft Central support team is well known for being helpful, super-friendly and on-call for Secretaries throughout their event. Use of this platform is NON-COMPULSARY!

Committees can become part of an Association that has been established by members and will be for their members. Our Philosophy with Incorporating this association is that Campdrafters just want to Campdraft!

We will ensure our Rules and Guidelines ensure safe and fair events are hosted by all Committees, and members are given the best opportunities to get into that saddle and ride.

CCA has partnered with Gow-Gates Insurance Brokers who have undertaken to also support our affiliated Committees and Members to work with them on any additional Insurance needs.
